How Did You Hear About the Rebate? _____

The Carpinteria Valley Water District (CVWD) is offering rebates for upgrades to existing irrigation systems and landscaping to increase water efficiency. **Projects must be approved in advance. The program is not retroactive.** Landscapes for new construction are not eligible. Sales receipts and/or contractor invoices dated after the pre-inspection are required for all rebates. Only the retail cost of material will be rebated. **This is a performance-based rebate program; project must result in a net reduction in total landscape water consumption for the site.**

How Much is the Rebate?

The program covers a portion of the cost of pre-approved irrigation equipment and landscape materials, labor is not included.

- **Irrigation Equipment:** 50% of the cost of drip irrigation parts, sprinkler system efficiency retrofits, sprinkler nozzles (delivering 1"/hour or less with correct pressure), pressure compensating heads, pressure regulators, and equipment for a laundry to landscape graywater system.
- **Water Wise Plants, Mulch, and Permeable Landscape Material:** 50% of the cost of water wise plants, mulch and permeable landscape to include: gravel, cobbles up to 4", flagstone or similar with a minimum of 4" spacing. Planted areas must be covered with a 3-inch layer of mulch. Decks, and hardscapes including stabilized decomposed granite (D.G.) are not eligible.
- **Smart Irrigation Controller:** 50% of the cost of a weather-based or soil moisture sensor irrigation controller and required weather module. Smart irrigation controllers must automatically adjust for changes in weather to be eligible.
- **Synthetic Turf:** Existing irrigated lawn area square footage eligible. Only actual cost of turf material and infill eligible.

Any combination of items above may qualify for a one-time, maximum rebate amount of \$500.

How Do I Participate?

- Step 1:** Make an appointment for a "Pre-Qualification Inspection" site visit with a Water Conservation Program representative. If your project qualifies, you will receive the pre-qualified list of items eligible for rebate (see reverse).
- Step 2:** The purchase and installation of all equipment denoted by Water Conservation staff under the heading of "Pre-Qualified Equipment" must be installed within **120 days** of the date of the Pre-Qualification Inspection.
- Step 3:** Call for a final "Post-Installation Inspection" appointment within **120 days**. Receipts are required for all rebates. Ask your contractor for a separate invoice for materials only. Be ready to show your finished project and provide receipts. Rebate check will be issued within 30 days of final inspection.

TERMS & CONDITIONS

1. The **Applicant** applying for the rebate(s) **must be a CVWD water customer** with authority to make changes to the property.
2. **Only Pre-Qualified Equipment** as determined by a Water Conservation staff member, upon verification of anticipated water savings, shall qualify for a rebate. Rebate available only on items purchased after date of the pre-inspection.
3. All Pre-Qualified Equipment as detailed on this application is **valid for 120 days** from the **Pre-Qualification Inspection** date.
4. The purchase and installation of all equipment denoted by Water Conservation staff under the heading of "Pre-Qualified Equipment" must be installed within 120 days of the date of the **Pre-Qualification Inspection**, unless exception is granted by CVWD Water Conservation representative. For those marked as "Fall Planting" the 120 day limit begins October 1, 2015.
5. The reverse side of this form must be completely filled out and signed.
6. Rebates shall be on a one-time basis per account/property site.
7. A **Post-Installation Inspection** to verify model, type and installation is required. Before and after photos are required.
8. **Filling out this application does not guarantee funding. Funding is granted on a first come first serve basis while funds last. Rebate amounts are subject to change without prior notice.**
9. Applicant must submit legible copies of the valid, dated sales receipts.
10. Customers are responsible for complying with all rules and regulations.

PRE-QUALIFICATION: You are pre-qualified for a potential rebate for CVWD-approved irrigation equipment and planting materials as denoted by staff on the table below under the heading "Pre-Qualified Equipment". Once installed, contact the Water Conservation Specialist at (805) 684-2816 ext. 116 within 120 days of the pre-qualification inspection date for a post-installation inspection.

Your **Pre-Qualification Inspection Date** is: _____

PRE-QUALIFIED EQUIPMENT		INSTALLED EQUIPMENT	
<i>(Official Use Only – Initial Inspection)</i>		<i>(Official Use Only)</i>	
Design Services -up to \$250 of total \$500		Design Services	
<input type="checkbox"/>		<input type="checkbox"/>	
Smart Irrigation Controller(s) -With weather module		Smart Irrigation Controller(s)	
<input type="checkbox"/>		<input type="checkbox"/>	
Pressure Regulator/Pressure Compensating Sprinkler Bodies		Pressure Regulator Equipment	
<input type="checkbox"/>		<input type="checkbox"/>	
Irrigation Submeter		Irrigation Submeter	
<input type="checkbox"/>		<input type="checkbox"/>	
Water Wise Plants/Permeable Surface -Only for replacing lawn or high water using plants.		Water Wise Plants/Permeable Surface	
<input type="checkbox"/>	Square footage of lawn replacement:	<input type="checkbox"/>	
Mulch -3" deep		Mulch	
<input type="checkbox"/>		<input type="checkbox"/>	
Sprinklers -To replace existing brass pop-up heads, or sprinkler bodies with low head drainage.		Sprinklers	
<input type="checkbox"/>		<input type="checkbox"/>	
Low Precipitation Rate/Rotating Nozzles -Rate of 1"/ hour or less with correct pressure.		Low Precipitation Nozzles	
<input type="checkbox"/>		<input type="checkbox"/>	
Synthetic Turf -Square footage of irrigated lawn area to be replaced is required.		Synthetic Turf	
<input type="checkbox"/>		<input type="checkbox"/>	
Drip Conversion		Drip Conversion	
<input type="checkbox"/>		<input type="checkbox"/>	
Laundry to Landscape Graywater System		Laundry to Landscape System	
<input type="checkbox"/>	Vacuum breaker, diverter valve, HDPE, anti-siphon	<input type="checkbox"/>	

Fall Planting Exception: Your 120 period begins October 1, 2015. Project must be completed and a post-inspection scheduled before February 1, 2016

By signing below, you indicate that you agree to the "Terms and Conditions" of the Smart Landscape Rebate Program as detailed on this form. All applicable rebates are only valid for a period of 120 days following the date of the Pre-Qualification Inspection. It is the **applicant's responsibility to arrange a Post Installation Inspection** within the 120 day period following the Pre-Qualification Inspection. Failure to comply with these terms and conditions are automatic grounds for disqualification from the program. Call (805) 684-2816 ext. 116 to schedule a Post Installation Inspection.

The applicant, on behalf of itself and any agent or employee, authorizes Carpinteria Valley Water District (CVWD), or anyone authorized by CVWD, to use and reproduce in any format including, but not limited to, print or electronic, any visual representation, photograph or video footage taken of me and/or my home and/or landscaping for any purpose, without compensation or limitation. My rights to any and all video and images, together with the prints, are owned by the Carpinteria Valley Water District.
